

Matthews

2020 Rosé

The 2020 Matthews Rosé was crafted from one vineyard on the Royal Slope of Washington State's Columbia Valley AVA.

Farmed using sustainable practices, the vines were hand-harvested early in the morning of October 17th, 2020. Upon arriving in the winery, each cluster was destemmed and macerated for 14-24 hours; after being drained and pressed, the juice then settled for 48 hours. Using only free-run wine, it was then moved to stainless steel tanks for 6 months, cold-stabilized and sterile-filtered. Evaluated over 40 times by our winemaking team, only 334 cases were bottled

"A complex nose of rose water, watermelon and chamomile. Lifted aromatics of spice and nectarine cut through a background of white flowers and tangerine. Vibrant and fresh, with ethereal texture carrying stone fruits and macerated citrus. A rosé full of life and ready to be shared."

- Bryan Otis, Proprietor
